WELCOME LETTER

Generals, Admirals, Air Marshals,
Distinguished members of the Military
Medical Community,
Dear colleagues,

In my capacity as Surgeon General of the Hellenic
Armed Forces I would like to invite you to the **6th
Pan European Congress on Military Medicine**
which is going to be held in Athens from **16th to 19th April 2024**.

ICMM, from its establishment back to 1921 till now acts as the ideal platform for co-
operation and collaboration between the participating countries. As a multinational
initiative, aims not only to enrich scientific and training activities of the participat-
ing nations’ Military Medical Services but furthermore to strengthen the relations and
communication between the military medical personnel of our countries.

The 6th Pan European Congress on Military Medicine is expected to be an important
link in the chain of cooperation between our countries in the military health sector
and will definitely serve in the most appropriate and fruitful way in exchanging ideas
and practical experience in the military medical operational field.

Athens, birthplace of democracy, philosophy and science will host the 6th Pan Euro-
pean Congress on Military Medicine logging for the most fruitful outcome and ad-
ditionally will offer the participants the opportunity to discover the Athenian antiqui-
ties such as Acropolis with the temple of Parthenon, feel the warmth of Greek hospi-
tality and enjoy the soft and pleasant weather during the Greek spring.

With certainty that the 6th Pan European Congress on Military Medicine will not only
meet but far exceed the qualitative expectations and standards of ICMM and the true
belief that ICMM will continue to assist our countries in terms of ensuring the health
of our soldiers, I'm looking forward to meeting you all in Athens in April 2024.

Rear Admiral **Antonios Papageorgiou HN**
Surgeon General of the Hellenic Armed Forces
